RULES OF SPORT DISCIPLINE SPORTS KNIFE THROWING

Section I. the NATURE AND SYSTEM of CARRYING out COMPETITIONS

Article 1. The nature of the competition

1. Sports knife throwing is a sport discipline of sport is "Unifight".
2. Nature competitions are divided into:
 - a) personal;
 - b) personal team standings.
3. In the individual competition are determined only personal places of participants.
4. Personal with the team classification competition finishes for each team.
5. The nature of competition in each separate case is defined by these Rules and Regulations the competition in each case.
6. Teams can be formed on the territorial principle (regional, national, international Federation of "Unifight").
7. All athletes must be members of the Federations of "Unifight".

Article 2. The system of competitions.

1. Competitions on sport knife throwing can be done in the open air, or closed (semi-enclosed) areas, in specially equipped areas, provided security for athletes, judges and spectators. The competition is determined depending on weather and other conditions, the organizer and the main judge of the competition.
2. Sport throwing knife is held at a rectangular target of the established sample, with a distance of 3, 5, 7 and 9 meters, depending on the age and category of participants.
3. In the competition at any level before the start of the competition athletes (throwers) and a special time for the warm-up with practical three throwing knives. To warm up have a special place that is isolated or remote from the zone competitions. Warm-up time is determined by the arbiter of the competition.
4. In the absence of a separate special place for a workout, it is organized in a competitive sector, immediately before the performance of each shift. While athletes have 5 minutes to warm up when performing workout athletes use in one series of no more than three knives.

5. Control over the performance of athletes warm-up is carried out by specially appointed judge. Before beginning a workout, the judge must ensure that the throwing sectors are no people, animals, devices or items that prevent or hinder the exercise.
6. In the warm up for athletes is mandatory in compliance with all safety rules set forth in these Rules and Regulations about competitions.
7. Before the test series on each track athletes are entitled to perform two test series of three knives in each series.
8. At each stage of the competition athletes perform a set in the Regulation on the competition the number of scoring shots.
9. To perform each of a series of shots in the exercises on the accuracy of the participants is given no more than 60 seconds.
10. Before the first scoring series, the judge in the throwing sector must obtain confirmation from each athlete's readiness to exercise. The readiness of the athlete means raised above the head with the hand free from the knife.
11. The time starts with the command of the chief judge (judges) in the throwing sector, "....." scoring series to START!"
12. Before serving, the teams, the referee (judge) in the throwing sector must ensure that in the throwing sectors are no people, animals, devices or items that prevent or hinder the exercise.
13. At the end of the time set for the execution of the series, there is a command: "STOP, TIME!"
14. Knife, released from the hands of the athlete after the signal "STOP" is counted as a miss.
15. If the knife knocks out the target one or both of the previous knife, they also count as misses.
16. If during the execution of throws the competition chief judge or the judge of the throwing sector gives the command "STOP", then the countdown stops. The continuation of the series on its completion is given to the rest of the time, regardless of how many knives remained for each participant.
17. If the athlete after the commencement of the scoring series was not in the sector for throwing, he should be disqualified in this exercise. In case of delay of the athlete to warm-up or test series, additional time is granted.
18. Exercises on separate distances in all stages, except the final, is carried out sequentially from near distances to far distances. Finals can be performed in the sequence established by the organizers of the competition. The order of exercises should be prescribed in the Regulations on competitions and can be changed only by the decision of the competition organizer and the main judge of the competition.

19. One day competitions may be held on several distances and stages.
20. If at least one of the athletes was performed in a previous step, or the distance at the last change and must act at a later stage, or the distance in the first shift, then the jury should be provided with break for rest for at least 15 minutes.
21. Sports knife throwing at all distances is performed from place, grip the handle of a knife or blade to throw over the shoulder.
22. The preliminary competition in each exercise must be completed in one day.
23. When you exercise, the gaps between series are permitted only for inspection or a forced replacement of the targets.
24. Allowed, if necessary, the use of athletes technical or medical pause up to 3 minutes each.
25. A technical pause (not more than one in each exercise) may be provided to each athlete, if he needs to put in order the equipment or it is broken or damaged knife.
26. Medical pause (no more than one in each exercise) may be provided to the athlete if he is on the exercise is injured and needs medical care.
27. Technical or medical pause may be provided to the athlete at each stage of the competition.
28. For technical or medical break, the athlete must contact the referee between test series or, if he is at the throwing mark line, raise your hand without a knife.
29. If you are performing exercises one of the athletes uses the provided pause, then the other athletes continue the exercise at that distance until its completion.
30. Athlete, took advantage of the pause, continues the execution of the exercises in this race with the series and the knife with which he interrupted his speech, but immediately after throwing the other athletes in the shift. The order of performances of other shifts this causes.
31. When the participant exercises after technical or medical pause the rest of the members of the shift must be located at the throwing mark line.
32. If a participant is unable to continue performing the exercises due to injury or inability to bring the knife in good condition (replacement), then it will count performed complete and incomplete series.
33. If the party will need more than one pause on each track, he uses them at the expense of time allotted to execute each series of shots. Additional throws for the missing series in this case are not provided.
34. The competition is held in two stages: qualifying and finals. In the qualifying exercises, the participants performed 5 test series in 3 knives. In the finals 8 athletes. In the final, athletes perform 10 test series in 3 knives.

35. The results shown in all stages of competition except the final, only affect the finals and the running order in the final.
36. The winners in the individual exercises are only determined in the final competition (in the first or second round, depending on conditions defined by the regulations).
37. In case of equality of points at several participants, the priority goes to the one that scored the most points in the last episode (the penultimate, etc.).
38. Personal with the team standings of the competition are conducted in one step. The procedure prescribed in the Regulations on competitions.
39. The organizers of the competition may be conducted other exercises.
40. In the case of setting records, the jury, after a run-scoring series of the entire shift athletes peremejaetsya distance. The record is counted if the distance matches the installed distance and does not exceed the specified tolerance.

3.5. At the command of the chief judge (judges) in the throwing sector to "PREPARE" athletes attached to the stand for throwing a target at a convenient height, then return to the distance and uncover knives.

3.6. Senior judge (judge) in the throwing sector command "CONFIRM-READY", after which each athlete must confirm their willingness to exercise raised above head hand free from the knife.

3.7. Before each series of shots the command of the chief judge (judges) in the throwing sector "1,2..." "TRIAL OR record" SERIES to START!", after the team's athletes perform a series of shots on 3 knives.

3.8. Every athlete after making a series of shots takes two steps back, thereby confirming the completion of its series of shots.

3.9. After each series of shots, the referee (judge) in the throwing sector, make sure that all the athletes made 3 throwing knives with a prescribed distance and has not made steps over the line, gives the command "TO the TARGET".

3.10. Change of athletes at full strength is suitable to their stands and watches the determination of the values of hits (during the test series scoring not available). Judges and athletes are not allowed to touch the knives to change their position and removing them from the target before the announcement of the total result of the series.

3.11. The referee (judge) in the throwing sector, starting from the left to the right of the stand, each stand loudly and clearly announces the number of

points in each hole and the overall result of the series of each athlete.

3.12. Athletes control the accuracy of determining the values of hits and correct entry of chief judge (judge) in the throwing sector in the participant total result of the series.

3.13. After the announcement of the total result the head referee (judge) in the throwing sector, the athletes extract the blades from the stands, agreeing thus with the announced results.

3.14. In case of dispute to the stands by the chief judge (judge) in the throwing sector is called the main judge of competitions, which determines the accuracy of determining the values of hits.

3.15. After defining and declaring the total of all of the results of the change of athletes, they move out distance and prepare for the next series of shots.

3.16. Likewise are the rest of the series and are determined by the combined results of series and the total result of each athlete.

3.17. After exercise athletes test their results in the account cards of the participants and certify them with their signatures.

4. The order of exercise "high-Speed throwing".

4.1. In this exercise, before performing a series of scoring athletes test series are given, the "shifting" of knives there.

4.2. Exercise "high-Speed throwing" is one of a series of ten knives.

4.3. The time to complete this exercise should not exceed 20 seconds.

4.4. The sequence and order counting of results in this exercise, similar to the sequence of commands and order of count results, as in the exercise "precision shots".

5. The procedure for the exercise of "Absolute leadership".

5.1. In this exercise, before performing the test series on each track athletes are given two trial series in 3 knives.

5.2. In exercise of "Absolute leadership" provided "perebrody" knives.

5.3. The exercise is performed from a near distance to a far distance.

5.4. Distances are defined depending on categories of athletes.

5.5. The sequence and order counting of results in this exercise, similar to the sequence of commands and order of count results, as in the exercise "precision shots".

Article 9. The concept and procedure for "swapping".

1. "Transfer" is the repeated throwing of a knife in the test series.
2. If in the course of performing an official series, the knife athlete hurled at a target and hit another knife (knives), located in the target and is not stuck or knocked out other (other) knives from the target, the athlete is entitled to claim a transfer of the knife (knives).
3. If in the course of performing an official series, the knife dislodged from the target by one or two previous knife, and he remained in the target, the thrown knives are ejected from the target.
4. If in the course of performing an official series, the knife dislodged from the target by one or two previous knife, and he fell or stuck in the stand outside the targets, are thrown all the knives.
5. The athlete stops running scoring series, raises his hand and is awaiting the decision of the chief judge (judges) in the throwing sector. The execution of the other members of his series of throws in this case is not interrupted.
6. The touch of the knife, outside the dimensions of the target, the reason for swapping is not.
7. After a series of shots of athletes, senior judge (judge) in the throwing sector the decision on the transfer of the knife (knives).
8. In the case of a negative decision, the athlete completes a series of shots.
9. In the case of a positive decision on the flip of a knife, the head referee (judge) in the throwing sector is the number of knives, which the athlete can throw.
10. On failover of one of the knife is given a time of 30 seconds.
11. After the command "STAND №__, TRANSFER" the athlete is nearing the stand, picks up a broken knife (knives) and goes to the distance.
12. The referee (judge) in the throwing sector commands "START" and the athlete performs the transfer of the knife (knives), while respecting all the established rules of sports knife throwing.

Article 10. The definition of sport knife throwing.

1. The result of the exercise in the sport throwing knife is determined by the total dignity of all hits in target, after performing a set number of series and shots.
2. Evaluation of the dignity of the holes is made on the status of any part of the blade of the knife in the target.
3. The knife, the tip of which edge is not in the target, and does not affect the working area of target, scored as a miss.

4. When hit the knife, the tip of which edge is not in the target, but other parts of the blade of the knife overlaps several working areas, it is possible to "transfer".
5. When you touch the blade of the knife several areas of the target, the athlete scored a hole larger denominations, regardless of which side of the blade of the knife touches the working area of the target.
6. If when throwing the knife touched another knife (even if it was not in the target) and stuck in a target, it is counted at the place of contact and position in the target.
7. If you are performing a throw, the knife did not touch the stand and flew past the sportsman gets penalty points.
8. If the athlete while performing an official series made a cast of the judge "to PROCEED" or after the command "STOP", this throw counts as a miss and the participant gets penalty points.
9. Penalty points are awarded after the scoring of the series, by removing the athlete points earned in the hole.
10. If during the execution of the transcripts of a series of the athlete's foot went over the set line on the course, his throws are not counted.
11. Points are scored from more holes to the smaller result. The maximum number of points from the holes (the center of the target) is estimated at 20 points, then, moving from the center of the target to the edge of the target is 15 points, the next 10 points and extreme - 5 points.

Article 11. Protests

1. The protest is in those cases when a participant or the team representative believes that the judge's decision or action (inaction) contrary to the Rules or Regulation about realization of competitions
